Asteroids (or something)
Ship (idk)
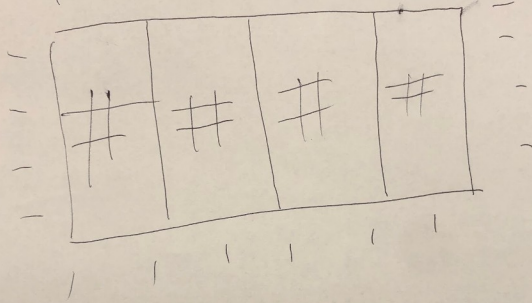

Timer :5

(Door popped up)

After

- Each socket could have a pattern on it where you have to match the correct pattern from the asteroid.

- Press E (or space) for the stand ability "The World" to stop time for 5 seconds, BUT you can't do anything :troll:

- Socket could also have buttons to press with asteroid.

Might not include →
- Socket could have a laser to detect the asteroid for correct pattern
