Gameplay:

The game is a linear visual novel with the player unable to control the storyline. In this way, the story never changes and the only ending is the “true” ending of the game.

Backstory:

Brainrots are super popular, with Triple T being one of the most famous. But when the AI brainrot fruits came about they were rapidly getting famous as for Triple T he was being forgotten. When an AI is forgotten, they are banished from the Internet. So when the AI fruit became more popular than Triple T, he was banished from the Internet.

Story:

- People didn't find Triple T funny anymore and he was becoming less popular, and the people banished him from the internet.
- Triple T was with AI strawberry, and so when he got banished, AI strawberry told him that she would wait for him to become popular again.
- AI Strawberry lied to Triple T though, and cheated on him with AI Eggplant who was rich.
- Triple T was resurrected and found out that AI Strawberry cheated on him, and swore to get revenge on AI Strawberry and AI Eggplant.
- When people started getting bored of AI fruits, Triple T started to get popular again and got super rich and AI Strawberry left AI Eggplant to get back with Triple T for his money.
- AI Strawberry begs Triple T to take her back, but he says no and kicks her out onto the street while it's raining.
- AI Strawberry cries and Triple T laughs at her.
