

The Curious Interactions and Dialogue

❖ Day 1

- She's in the living room with the creative, napping in front of the fireplace
- Morning she's picking out clothes
- Afternoon she's laying in front of the fireplace
- If you ask her to be the cook assistant
 - You could feel a burning gaze on your back (Creative is glaring at the player.)
 - Food looked and tasted normal

❖ Morning Interaction

- You walk into a {curious} room and she has her luggage laid out on top of her bed. She holds up two different sets of clothing and presents them to you. "Which one do you think looks best on me?"
- Choice 1 "The red one"
 - "Hmmm...Interesting choice."
- Choice 2 "The white one" Heart
 - "I was thinking that too!"
- Choice 3 "Neither. Why would you wear a jacket in the middle of summer?"
 - Beauty is pain. I'll always look drippy even if I end up having a heat stroke because of it
- Heeey...Don't tell Ghost this but...I bought just the cutest outfit for Mr. Cottage! [Curious] brings a tiny fluffy outfit from the bottom of her suitcase. If you could find a way to sneak this outfit onto him without [Ghost] finding ut that'd be great!
- "Yes" Choice 1
 - "Oh Great! Tell me when you can So that I can take pictures!"
 - "No" Choice 2
 - [curious] frowned glaring at you "Whatever! I'll do it myself!"
 - "Oh come on!"
 - "It's stupid I'm not doing it" Choice 1
 - "...Fine" Choice 2

★ Afternoon Interaction

- ★ Curious is laid out in front of the fireplace. She's covered in sweat. "You know the nights here are still pretty hot."
 - "Then why do you have the fireplace on?"
 - "You should probably take off your jacket."
- ★ "...Hey...Have you ever felt stuck?" Curious suddenly seems sullen. "You have an idea or something you want to do and just as you're about to finish it...you stop. You justify it by saying you're taking a break but that break lasts weeks, even months. During that break you start to doubt yourself. "What if my idea is only good to me?" "What if my idea

doesn't take off as I'd hoped?" That kind of pressure could kill a person." Tears fill Curious's eyes

- "You've gotta try harder."
 - "Try harder?...I've heard that my entire life..." Curious seemed like she had something else to say but she stopped and turned her head away.
- "Are you scared?"
 - Of course I'm scared! Who wouldn't be scared by something like that?! Curious breaks down in tears. Curious runs away back into her room.
- "It's better to fail at something you've put out there and start over, than to put the notion of failure in your head before you've received any real feedback yet."
 - Maybe you're right...Thank you. Curious gives you a weak smile.
